Election/Restriction

Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 1-6, 7, 10, drawn to a non-human genetically modified mammal comprising a mutation, a partial deletion or a total deletion in the genetic sequence encoding the wild type alpha-fetoprotein (AFP), classifiable in class 800, subclass 2.

Group II. Claim 9, 13, drawn to a pluripotential embryonic stem cell comprising a mutation, a partial deletion or a total deletion in the genetic sequence encoding the wild type alpha-fetoprotein (AFP), classifiable in class 435, subclass 325.

Group III. Claim 11, 12, drawn to a composition comprising alpha-fetoprotein or a portion thereof fixed to a solid surface, classifiable in class 530, subclass 350, and drawn to an assay of employing a protein assay for identifying a molecule that is able to bind to AFP, classifiable in class 435, subclass 7.1.

The inventions are distinct, each from the other because of the following reasons:

Inventions I-III are distinct because inventions I-III are directed to distinct materially distinct products. Invention II is distinct from invention I because the cells of invention II is neither the same nor equivalent to that of non-human mammal as claimed in invention I. Further, Inventions I and I are distinct from invention III because Inventions I and II are directed to materially distinct steps and/or goal.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their divergent subject matter, fall into different statutory classes of invention, and are separately classified and searched, restriction for examination purposes as indicated is proper.

Applicant is advised that the response to this requirement to be complete must

include an election of the invention to be examined even though the requirement be traversed.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
